

Message from the Headteacher:

Hi All,

I am so excited to share our first ever forest schools experience that took place this week. Forest schools provide learners with opportunities to develop their social and problem-solving skills as well as key areas of the curriculum.

As the weather is warming up, I would like to remind parents/carers to ensure that learners are appropriately dressed for the weather.

Thank you to all the parents/carers who attended the parents/carers evening.

Have a nice weekend.

Kind Regards,

Ben Hawes

Arbor Parent Portal

We currently have 63% usage on the portal.

Please download from your Play Store on your phone, the Arbor App.

Go to <https://login.arbor.sc/> and click Forgot your password?

To finish creating your account you just need to set a password. Your username is your email address.

If you have any queries, please contact the school office.

School Calendar

28 March	Inset Day 5 – School closed to pupils
29 March	Pupils return to school
1 April	Last day of term
4 – 18 April	Easter Holiday
19 April	Pupils return to school

Parental Engagement

Parent Engagement Meetings:

We will be starting face to face meetings on the 9th of March at 11 am - at William Morris (Edith) and at the same time at Brookfield House (Sam). This will allow all parent members the opportunity to attend the site closest to their home. All session themes will be the same for both sites. It would be a great opportunity to meet and catch up with other parents.

Parents can use their Arbor App to book their place by going on Guardian Consultations, select Parent Engagement Meeting WM/BH, and then choose the date when they are willing to attend. These meetings are not compulsory, but it is a good opportunity for parents to contact the school about any concerns/issues they might have.

Alternatively, you can speak with our Admin Team, at our reception desk or over the phone.

Learning @ BFH – Green Class

In Green class this week we have enjoyed the topic focus of let's travel, and during the sensory story we have visited India, on our magic carpet. On the magic carpet ride it allows us to experience and explore different places. During the story we enjoyed going to the market to listen to the music of the snake charmers, smell the spices, and the scents in the temple.

During our creative arts lesson we have been very busy creating lots of wonderful pieces of artwork linked to the let's travel topic. We have made tiger masks using paper plates while we have been learning about the colours.

Learning @ WM – Boseman

Another exciting week at WMS! This week our Post 16 learners who are completing BTEC studies in animal care had the opportunity to visit Brooks farm. Learners fed different animals and spoke to the farm keepers to further understand how different animals are looked after and what they are fed. Learners experienced interactions with the different animals by being able to practice animal care in a real life setting.

Additionally, following on from careers week, our learners have the opportunity to talk weekly with our in house careers advisor. Sam meets with learners to explore the possible avenues learners can pursue and the steps they need to take to enter the employment sector.

Forest School Experience

Pearson Class took part in the first Forest Schools Experience session on Wednesday, 23rd March 2022. It was a very enjoyable and educational experience for all the students.

All the learners took an active part in a discussion about the Forest Schools Experience rules. They learnt how to carry the sticks, they set the boundaries with the little flags they made themselves, practising tying the knots too when having fun. They had a chance to use their imagination when wondering who has left the colourful strings on the tree branches. They worked on their social skills and giving and following instructions when making their friendship bracelets using the strings hanging from the branches. The day was full of activities around team building skills, working in partnership and having lots of fun when exploring the forest.

The students decided to call their Forest School Experience group “Ninja Warriors”, that’s why you can see red bandanas on their heads.

We are all looking forward our next session next week!
